

Useful SVR Style Blues Lick - Robert Renman

Here's a great SRV style lick that you can incorporate into a solo, and you'll sound great. I always think about "reusability"! Learn licks that can reuse in different situations.

Learn this cool SRV lick - see how I take a lick like this and turn into a part of my improvisation. This is how you should learn licks - make them part of your playing, so that you can add a lick seamlessly without thinking much about it.
